

myDMV.pro Instructions

MyDMV.pro is a portal that greatly improves working with Maggard. It enables Santander staff to;

- Upload Applications
- View Title or Document status
- Communicate with Maggard staff about applications (Chats)
- Create reports and Analyze Data
- Manage Users

Upload Applications

There are two ways to upload applications to Maggard.

1. Uploading a spreadsheet with all of the vehicle information on it.
2. Use the single-entry form.

To upload a spreadsheet, from the homepage, click on “My Services” and “Upload Requests”

- Click on choose File
- Click on upload file

To use the single-entry form

- Click on “My Services” and Form Entry.
- Click on the state to apply for title in.
- Click on the Application Type

View Application or Document status

myDMV.pro is your tool to check the status of your title submissions. It is also your vehicle to communicate with Maggard about your title submissions. The following information is available when checking the status of an application;

Date sent to Maggard, Date Maggard has sent to DMV, the estimated date we expect title from DMV, the date we send to Auction, the tracking number and courier with whom it was sent, any notes regarding the application and the name of the person that sent the application.

Click on Active Requests

- Enter vin number or reference number on the search box in the top right of the screen. You may also enter the last six digits of the vin number.
- On the bottom of each row, there is a search box. You may search for anything you want in that column. For instance, you can see all the dates that applications were sent to Maggard. You may select a date and return all applications that were sent to Maggard on that date. There is also a submitted button. You may return all applications that were submitted by any staff member that remain in the database.

To Clear Data for a new search

- Click on the icon that looks like a black martini glass to the left of the search return box or bottom left of Active Search page.

Communicate with Maggard staff about applications (Chats)

All of your communication with Maggard is in one place. All communication about a vehicle is available for anyone from your organization to view.

To request information about a vehicle, expand the My Services tab and click on “Active Requests”.

- Enter the last six digits of the vin number or your client reference number.
- Click on the chat bubble to the left of the record and a chat window will appear.
- Start your chat. Notice that the chat bubble will turn **yellow**.

When Maggard initiate a chat with you;

- You will receive an email from Maggard letting you know a chat has been initiated with the vin number of the vehicle the chat is about. You will see a **red** bubble next to the vehicle record.
- Click on the chat bubble to respond to Maggard. Please do not respond to the email.

Respond to chats with Maggard.

- When Maggard responds to your request, the yellow bubble will turn **red**.
- When you view the response from Maggard, the bubble will turn **green**.

To view all chats with Maggard on active requests, expand the My Services tab and click on “Active Chats”.

- This feature enables the user to view all communications on all active title requests.

Completed Requests

- Title requests that have been processed will be available to view for up to three months after completion.

Create reports and Analyze Data

Data in the active request and the completed requests que can be manipulated in a variety of ways. After to have created a lookup with the information that you want, it can be exported as a PDF, CSV, copied, printed or sent to excel.
